

Risk reporting

Q4/2017

CSR

Environment

Impact:

1: significant 0-300k€
2: small 300-600
3: significant 1.2-2.6M€
4: critical 2.4

Likelihood:

1: unimaginable, 0-4: Sometimes, 50-99%
2: unlikely, 4-10%
3: likely, 70-84%

ad-hoc risk

Risk Identification					
Risk Category	Org	Risk-Owner	No.	Risk-Name	Risk-Description
CSR	EAG	Technical departments	CSR E1	not adequately disposable product components	Negative effects on the reputation of the company by using product components that are not adequately disposable.
CSR	EAG	all Companies of the Einhell Group local General Manager	CSR E2	significant environmental damage due to improper disposal of waste	Negative reputation of the company due to significant environmental damage due to improper disposal of waste
